Mobile Web Banking For Blackberry How to guide

How Mobile Web Banking Works

Although members can access their account balances through mobile text banking, where financial balances can be sent via text message to the phone, Mobile Web allows members with Smartphones such as Blackberry to perform financial transactions safely and securely. Android and iPhone users are able to do their banking on the go using our mobile app. Blackberry users can do the same with this easy service.

Setting up Mobile Web Banking

- 1 Open the following webpage link in your Internet Browser on your Blackberry:

https://www6.memberdirect.net/brand/hb_torontoelectricalutilities/m/

- 2 Press the key > Add to Bookmarks.
- 3 In the Folder field, click the folder that you want the bookmark to appear in. Click Add.
- 4 This will add the link to your favourites folder, and can be easily retrieved from your Browser when you want to log-in to CyberBanker.

Mobile Web Banking Overview

- View account balances and account history through a secure connection with a web browser that is optimized for mobile users using Blackberry.
- Pay bills immediately or schedule a payment for your convenience.
- Transfer funds immediately or schedule a future transfer.
- Use Interac® e-Transfer to make mobile person-to-person payments, please make sure your account has been activated for this service.
- Find nearby branches and/or ATMs
