

The Energy Connector

Issue #18

Did you do our newest Online Survey? Visit our website at www.theenergycu.com and enter for your chance to win!

We'd like to send a big thank you to all the members who were able to make it out for our 2012 Spring Bus Trip to "Cruise the Kawarthas" It was great to see some new faces come for the ride! Members were able to enjoy a relaxing day while sharing the beautiful weather and good food and fun times! Keep your eyes open for our next bus trip coming up in October!

Don't say you don't have enough time. You have exactly the same number of hours per day that were given to Helen Keller, Pasteur, Michelangelo, Mother Teresa, Leonardo Da Vinci, Thomas Jefferson, Albert Einstein, etc...

Do you still have an old Magstripe Card?

Please make sure that you are using the new chip card that was mailed to you last fall. Effective August 31, 2012, your old magstripe cards will not work. If you aren't sure if you have the new chip card please call our offices at 416-542-2522.

Attention members!

We understand that sometimes shift-work can make your schedule a little different than ours.

If this is ever the case for you and you need to come in to one of our branches, we can arrange to be open after or before hours, we are here when you need us!

Just call our offices to make special arrangements.

Please keep in mind that you can access your account 24/7 with our online CyberBanker

Eco Tips

Two large power plants have to run constantly to supply enough electricity to run North American television sets

**WHILE THEY ARE
TURNED OFF.** They're called power vampires, as they suck energy to stay in a constant state of standby. Plug your television into a power bar and turn that off when you aren't watching. That will save about 40 kilowatt hours over a year.
