## ECO TIP!

Clothes dryers are the third largest energy consuming appliance, after refrigerators and stoves, using approximately six percent of the energy in an average home. Hang your laundry to dry and you will save energy and money. Clothes hung outside will also smell nice and fresh!

## WINNERS!

Congratulations to our newest Online Survey Winners Karen Starchuk-Small and Dave Archer. These two lucky members filled out our online survey and were entered into a draw to win one of two \$25 gift certificates for M&M Meat Shops. If you would like a chance to be
