

The Energy Connector

Issue #9

TECU now offers Executor Ease!

The Energy Credit Union Limited understands that our members care about protecting their families and their assets, particularly in the event of unexpected tragedies or significant changes in their lives. But many members may be unsure about how to develop a comprehensive estate plan to take care of those they love.

This is why The Energy Credit Union Limited has entered into a partnership with Concentra Trust to provide you with important information on estate planning.

Estate planning is a process that eliminates uncertainties and maximizes the value of your estate. The steps involved include:

- Review and document your current financial situation.
- Define your personal and financial goals.
- Identify options and make informed choices that will allow you to achieve your desired outcomes.
- Put your plan into action.
- Review your plan and periodically make adjustments.

A complete estate plan ensures that you can provide for those you care about, even if you're no longer there. Isn't the peace of mind knowing your wishes and directions will be known and carried out worth it?

For more information please call our offices at 416-542-2522 or visit us online at www.theenergycu.com

Don't forget to activate those new cards!
Please call our offices at 416-542-2522.

As of September 30, 2011 your old TECU magstripe MemberCard will no longer work at PLUS machine locations. This means that you will still be able to use your Debit card at various locations within Canada, but access abroad will be affected. If you have any questions or are unsure of which ATM card you currently have, please give our offices a call at 416-542-2522.

TECU Eco-Tips

Not all vegetables are created equally when it comes to environmental impact. Locally produced ANYTHING is likely better than imported food that's been hauled halfway around the globe. This is never more true than during the harvest season when your Farmers' Market has local produce in abundance.
